

DT Series / DE Series / LB Series

19" Rack Mount Drawers and Lock Boxes

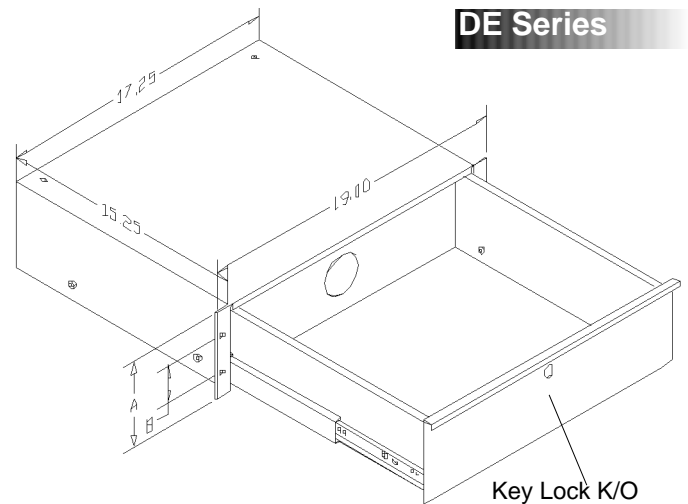

DT Series - Textured Painted Front

The DT Series drawers have a textured black powder coated steel front faceplate. A spring loaded slide latch is used to lock the drawer in place and a knock-out for an optional key lock is also provided. A 2.50" knock-out in the rear of the drawer can be used for running cables from equipment located within the drawer. Inside dimensions are 14.25" Deep X 16" Wide. Chassis is constructed from rugged 18-gauge steel, black powder coat finish.

DE Series - Black Painted Front

The DE Series drawers have a black powder coated light-gauge steel front faceplate with a front mounted drawer pull for easy opening and closing. A knock-out for an optional key lock is also provided. A 2.50" knock-out in the rear of the drawer can be used for running cables from equipment located within the drawer. Inside dimensions are 14.25" Deep X 16" Wide. Chassis is constructed from rugged 18-gauge steel, black powder coat finish.

Part #:	Dim "A"	Dim "B"	Front Plate Finish
D2T-(2 space)	3.50"	3.00"	Black Textured Finish
D3T-(3 space)	5.25"	2.25"	Black Textured Finish
D4T-(4 space)	7.00"	4.00"	Black Textured Finish
D2E-(2 space)	3.50"	3.00"	Black Finish
D3E-(3 space)	5.25"	2.25"	Black Finish
D4E-(4 space)	7.00"	4.00"	Black Finish

Note: To add a lock to the DT and DE series, simply buy the KYLK-ACC, punch out the laser K/O and install the lock.

LB Series - Lock Box, available in 3 or 4 space.

The LB Series lock boxes have a powder black paint finish. Featuring full width front door hinge, spring return latch and key lock. Inside dimensions are 17" wide, 4-5/8" high(3 space) or 6-3/8" high(4 space) and 8-3/4" deep. Chassis is constructed from rugged 18-gauge steel. This lock box will fit most standard 19" racking systems. Store Microphones, tapes, cd's, repair or cleaning kits, and know that they will be there when you need them.
